Make a tassel (see you-tube)

Choose a colour and wrap yarn about 20 x around a piece of cardboard of about 10 cm long. Attach a piece of yarn at the top to bind everything together. Leave a little length in order to attach to the crochet work.

Cut through all threads at bottom of cardboard and pull off.

Take a different color and wind it around all the yarn 6 or 7 times about 1 cm from the top to make tassel. Knot and pull thread through, cut off.

Attach the tassel with the two threads to the crochet-work, either in the middle or on a corner, depending on what it's for. Weave in threads in back.
